By order of the Board of Trustees of the above named Company the sale of delinquent stock of assessment No. 1 is hereby postponed until Monday the 16th day of August, 1886, at the same hour and place.

JOHN M. DORMER, Secretary.

POSTPONEMENT.

Office of Carson Steam Laundry, August 6, 1886.
By order of the Board of Trustees of the above named Company the sale of delinquent stock of assessment No. 1 is hereby postponed until Monday the 23d day of August, 1886, at the same hour and place.

JOHN M. DORMER, Secretary.

Wanted.

A position to assist with housework and plain sewing in a small family. Wages not so much an object as a good home. Address, Mrs. M. Ellsworth, Post Office Carson City, Nevada.

A Connoisseur of the Orga

Reaches the "Appeal" Office.

Yesterday morning as the editor of the APPEAL was just beginning to get in his lagoonous literary work on the California exchanges, who should appear at the door of the sanctum but an old man with knee breeches and a three-cornered hat. In short, he was dressed in the Continental costume enjoyed by our old Revolutionary sires. We turned to enable him to present his letter of introduction from General George Washington, but he waived the formality, and seating himself in an easy chair, drew forth a copy of the Ulster County Gazette and asked if the APPEAL office wished to purchase it for a dollar.

On examining the paper the editor discovered that it was what might be called a back number.

"Pretty old paper, this?"

"Yes, indeed," said the man of Continental costume. "Oldest paper in America."

"Have you got any more recent copy of the sheet?"

The man regarded us with a startled air.

"No later issue, eh?"

"This is the only one I carry. You see it tells about Washington's battles and is highly valued."

"Does it give any more of an extended account than the old school history? If it throws any new light on the battles of Washington we want to catch on and subscribe. How much is this paper by the year?"

"By the year!" said the stranger in startled tones.

"We don't sell it that way."

"How the devil do you expect to keep the sheet going, unless by subscription?"

"It was founded sir, in seventeen hundred and —"

"Yes, yes, I see."

"Simon Hendry, of Ulster county was the first compositor who set type on that journal."

"Oh Mr. Hendry, I'm really glad to grasp the hand of an old type. Have you a Union card along with you?"

The man allowed us to grasp his hand, but he did not look as cordial as we expected.

"If you are still on the paper you had better get a new dress. You can't expect to do much here unless you have some Nevada political news and some new type. What ticket did the Gazette support in '82? Looks like a Cleveland organ."

"Do you want to purchase this copy for one dollar?"

"Hardly; price somewhat advanced for the old battle of Brandywine edition. When you get back home and write up a description of your trip in the sagebrush you might send me a marked copy, but I hope you won't go back, there's a fine field here for a paper just like the Gazette. There's half a dozen men in the North end of town just asking for a new organ, and I believe if you move the Gazette from Ulster to Ormsby county you could pick up a few dollars this fall."

Later in the afternoon the Ulster county Gazette man was inquiring the rent of some vacant buildings near the R. R. Depot and trying to negotiate for an editor.

Winters and the Chinese.

The Adams men are circulating all sorts of stories relative to Theodore Winters' Chinese record. Two sample canards were in circulation yesterday. One was that Winters had twenty-five Chinamen in his hay fields, and another that he had twelve in his cheese and butter establishment. This is absolutely untrue. Mr. Winters was anti-Chinese years ago before the subject was ever agitated in Nevada. No Chinaman ever pitched a rick of hay or milked a cow, or ever made a pound of cheese or butter on the Winters ranch. He adopted this policy years ago, and stuck to it when every one around him was employing Chinese. No man ought to be deceived by these lies circulated for political effect.

The Result.

The result of the Anti-Chinese movement in this county has been to reduce the Chinese residents here from 700 to 300. The League is to be congratulated on this showing and the APPEAL believes that the rest of them can be disposed of without either boycotting or politics.

ALL SORTS.

—Emma Nevada has a daughter.

—C. C. Powning is expected here today.

—Mackay will return to the Comstock in October.

—Don't forget the concert this evening at the Opera House.

—Hon C. C. Cleveland the White Pine promoter is in the city.

—The primary polling place will be at the Curry Engine House.

—H. M. Yerington and wife returned from San Francisco yesterday.

—E. B. Rail has a new fangled machine for lifting cream from milk.

—The Times-Review, Democratic, thinks that Winters will be nominated.

—The Miner's Union picnic has been set for Saturday, September 4, at Treadway's park.

—Theo. Winters was around among the boys yesterday making a good impression everywhere.

—Joe Blleman the arrested canvasser of the Bee managed to down Charley Laughton for 17th.

—The newspapers are making no great kick over the new Treasury ruling on light weight coins. Of course they lose a vast deal of money, but bear it like men.

—Mrs. Mackay has refused to accept an invitation of Queen Victoria to attend a royal ball, even if it was endorsed by the Prince of Wales. Why was this?

—Miss Emma Friend is practicing on a very difficult piece of music for this evening's concert.

A person ought to have four hands and some extra fingers to handle it, yet she has been able to master it thoroughly.

—A dispatch in another column states that the Governor of California has adjourned the Legislature to a specified time. Taking a sort of recess, as it were. This indicates that the cause of the Irrigationists is not yet lost.

—Do you wish a beautiful complexion? Then use Ayer's Sarsaparilla. It cleanses and purifies the blood, and thereby removes blotches and pimples from the skin, making it smooth and clear, and giving it a bright and healthy appearance.

—The best medical authorities acknowledge the great value of Ayer's Cathartic Pills, and frequently prescribe their use with the utmost confidence, well knowing that they are the most effectual remedy ever devised for diseases caused by derangements of the stomach, liver and bowels.

—The Chinese Government offers Mexico assistance in case it wars with the U. S. It is proposed to send a hundred thousand Chinamen to Mexico to fight. It might be a good idea for the Chinese Government to gather up all the surplus Chinamen on this Coast and send them to Mexico to fight. It would be the fault of the Pacific Coasters if they ever got back over the border.

Purgative Frauds.

The so-called purgative affair which was announced for Freeman Hall last night was a fraud of the first water, and the few who attended left the Hall so thoroughly disgusted that it is impossible to find a single soul who will acknowledge that he was present. Shame, Slattery and other members of the sweet-scented outfit left for the East today in a box car, and we take pleasure in giving them this free and unsolicited complimentary notice for the benefit of other towns which they may attempt to bilk.—Elko Independent.

An Unrivalled Record.

Alcock's Porous Plasters have, in the last twenty-five years proved themselves the best, safest and most effectual remedy for Spinal Complaints, Incipient Consumption, Diarrhoea, Pleurisy, Tumors, Asthma, Bronchitis, Epilepsy, Lumbago, Debility, Rheumatism, Gout, Sciatica, Loss of Vigor, Dropsy, Paralysis, Loss of Voice, Hysteria, Nervousness, Indigestion, Palpitation.

Will Climb the "Golden Stair," special to the APPEAL.]

SAN FRANCISCO, August 20.—The Chicago anarchists have all been found guilty of murder, with the penalty of death, except Neale, who was sentenced to fifteen years imprisonment.

Adjourned.

SACRAMENTO, August 20.—Governor Stoneman has adjourned the Legislature until September 7.

The Salem Witches.

Over a hundred years ago there was a reign of terror in Salem, Mass. The town was supposed to be infected with witches. Public excitement ran high and people were worked into a frenzy through ignorance and superstition.

Some one would publicly charge some one else with practicing witchcraft, and immediately without any further investigation, the person so charged was burned at the stake or drowned.

Persons having enemies found this a very convenient method of getting them out of the way. After the public fury had wrecked its vengeance on scores of innocent people a halt was called and the discovery was made that there was no such thing as witchcraft anyhow.

The anti-Chinese movement is taking much the same shape in Carson. Malicious and small minded people who want to revenge themselves upon us and that person, go about telling people in a whisper that these persons are pro-Chinese, that they are buying Chinese carrots in the night, and getting Chinese washing done on the quiet.

The parties hearing these stories seldom take pains to investigate them but give them wider circulation. After they have been circulated twenty-four hours it is hard to disprove them and innocent persons are boycotted. The man who would take this method of revenge upon himself or another is a disgraceful, sneaking wretch, who deserves to be kicked by every decent man who meets him.

Struck \$350 Rock.

Water being scarce the Chinamen who own the China garden above town concluded to sink a well and have been at it for several days. Yesterday they struck a ledge of ore which assays \$350 a ton and are highly elated over the unexpected find. They are now in a quandary what to do, whether to work the mine and let the garden go, or work the garden and let the mine go, or sell out. These developments show that this country is full of good ledges which have never yet seen the light, but are hiding their wealth for some unlucky or plucky prospector.—Reveille.

The Capital Steps.

Now that the Capital steps have become a leading political resort the amount of tobacco juice that is squirted over the spot compels the janitor of the building to come out every hour and play the hose on the brown puddles.

The ground has become saturated with the juice, which in time will kill off the cork bark elms. Yesterday Gov. Kinkaid read the boys a lecture and told them that they ought to quit so as to give ladies a chance to pass through the building. Since this timely rebuke the spittoons have been used occasionally.

Garrard and Adams.

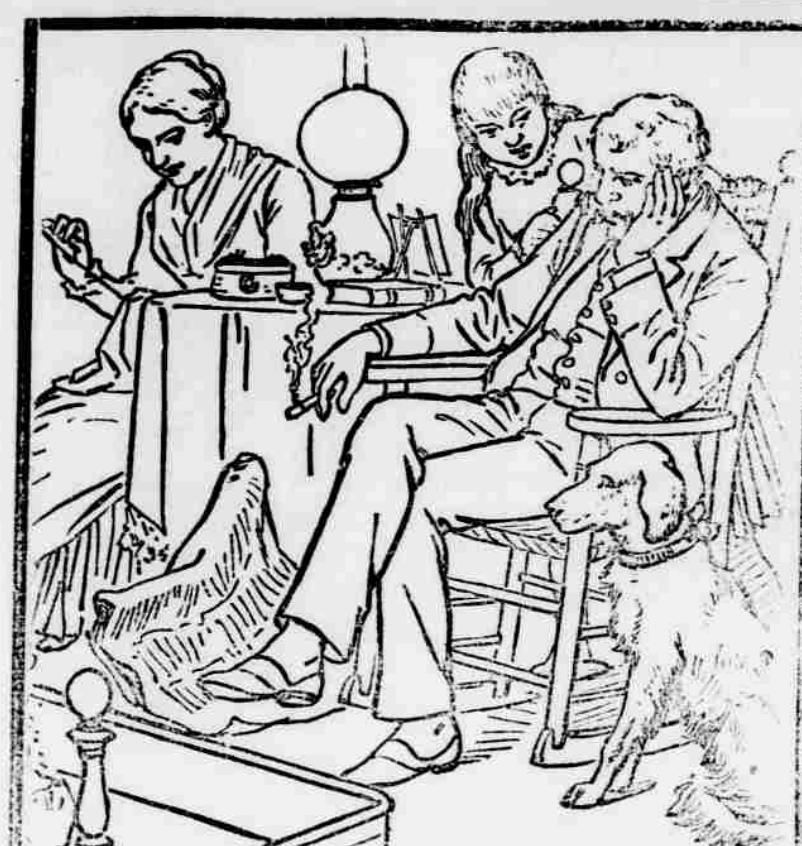

ED. APPEAL: I noticed in your paper an item about Major Garrard's ingratitude to Adams. The fact of the matter is that Garrard furnished the brains and Adams the tricks for the concern, and Garrard quit in disgust. I know the cause of the quarrel, and know that Major Garrard was in the right, acted as any man would act who did not want to be made a cat's paw of by Adams. A DEMOCRAT.

Delinquent Sale.

The sale of the Laundry delinquent stock will take place at the Secretary of the State's office on Monday.

RESTAURANT FOR SALE.

A WELL KNOWN FIRST-class restaurant, well situated and doing a first-class business, can be purchased on reasonable terms. The business is now clearing at least \$200 per month above all expenses. The proprietor has no other reason for disposing of his valuable property than a press of other business, which demands his entire time. For particulars apply at APPEAL office. Jy24 1m

Thoughts for the Fireside.

Isn't it an advantage to get your personal and family supplies almost direct from the manufacturers, with the consequent saving in cost?

Isn't it an advantage to not only get goods of the best qualities, but also of the latest Eastern and European styles?

Isn't it an advantage to be able to send to a city for your goods, and get as sure satisfaction as if you went to the expense and bother of going there yourself?

Isn't it an advantage to know that you are paying no more for your goods than other people, who may chance to be better posted as to the value of what they buy?

Isn't it an advantage to buy where everything is as represented? Where wool is called wool; silk, silk; kid, kid; etc.?

Isn't it an advantage to buy where no risk is run? Where, if goods are not as ordered, they can be returned at the expense of the House, and the money refunded?

Isn't it an advantage to have your orders filled as soon as received, and with care, taste and discretion?

Isn't it an advantage to have small orders attended to as carefully as large orders?

If these things are so, send to Weinstock & Lohr, Sacramento, Cal., for Illustrated Catalogue. It gives prices and full information about Wearing Apparel of every description. Free to any address.
